

Pune Institute of Computer Technology, Dhankawadi, Pune – 411043
Department of Computer Engineering

Subject: Web Technology Lab (310257)
 Class: TE-4

Academic Year: 2022-23
 Roll No.:31441

Sr No.	Website URL	Purpose of the Website	Things liked about the website	Things disliked about the website	Overall Evaluation (Good/Bad)
1	www.amazon.com	E-commerce	<ul style="list-style-type: none"> - Vast product selection - Clear and intuitive search functionality - User reviews and ratings for products - Streamlined checkout process - Prime benefits 	<ul style="list-style-type: none"> - Homepage can feel overwhelming due to extensive content - Some product pages can have cluttered information - Ads can be intrusive 	Good
2	www.flipkart.com	E-commerce	<ul style="list-style-type: none"> - Wide range of products available - User-friendly interface - Discounts and deals highlighted - Easy navigation through categories 	<ul style="list-style-type: none"> - Overabundance of ads can be distracting - Occasionally slow loading times - Complex checkout process 	Good
3	www.instagram.com	Social Networking	<ul style="list-style-type: none"> - Clean and visually appealing interface - Easy photo and video sharing - Stories feature - Explore section for discovering content 	<ul style="list-style-type: none"> - Algorithm sometimes affects content visibility - Limited link sharing 	Good
4	www.whatsapp.com	Messaging Service	<ul style="list-style-type: none"> - Simple and intuitive interface - End-to-end encryption for messages - Voice and video calling - Group chat functionality 	<ul style="list-style-type: none"> - Limited ability to edit sent messages - File size limitations for media sharing 	Good
5	www.geeksforgeeks.org	Coding Tutorials	<ul style="list-style-type: none"> - Comprehensive coding tutorials and resources covering various programming languages 	<ul style="list-style-type: none"> - Ad-heavy interface can sometimes be distracting 	Good

			<ul style="list-style-type: none"> - Practice problems and solutions - Search functionality 	<ul style="list-style-type: none"> - Navigation could be more intuitive 	
6	www.javatpoint.com	Programming Tutorials	<ul style="list-style-type: none"> - Extensive range of programming tutorials covering multiple languages - Clear and organized content - Interactive examples and exercises 	<ul style="list-style-type: none"> - Advertisement placement can disrupt user experience at times - Navigation complexity 	Good
7	www.w3schools.com	Web Development	<ul style="list-style-type: none"> - Comprehensive tutorials on web development technologies - Interactive code examples - Clear explanations and easy-to-follow format 	<ul style="list-style-type: none"> - Some outdated content may not reflect the latest web standards - Ad presence 	Good
8	aws.amazon.com	Cloud Computing Services	<ul style="list-style-type: none"> - Extensive range of cloud services and solutions - Well-documented APIs and resources - Scalability and flexibility of services 	<ul style="list-style-type: none"> - Steep learning curve for beginners - Pricing complexity for various services - UI can be overwhelming for new users 	Good
9	www.gmail.com	Email Service	<ul style="list-style-type: none"> - Clean and user-friendly interface - Ample storage space - Effective spam filtering - Integration with other Google services (Google Drive, Calendar, etc.) 	<ul style="list-style-type: none"> - Some users find the categorization of emails confusing - Limited customization options for the interface - Privacy concerns related to data collection 	Good
10	https://chat.openai.com/	AI Language Model	<ul style="list-style-type: none"> - Natural and conversational responses - Ability to generate diverse content - Adaptability to various topics and contexts 	<ul style="list-style-type: none"> - Occasional inaccuracies or misinterpretations - Limited real-time data or access to external websites 	Good
11	https://skribbl.io/	Gaming	<ul style="list-style-type: none"> - Creative gameplay mechanics 	<ul style="list-style-type: none"> - Lack of diverse content or levels 	Good/Fair

			<ul style="list-style-type: none"> - Engaging visuals or art style - Intuitive controls 	<ul style="list-style-type: none"> - Technical glitches or bugs 	
12	www.microsoft.com/en-us/microsoft-teams	Collaboration Tool	<ul style="list-style-type: none"> - Seamless integration with Office 365 - Versatile collaboration features (chat, video conferencing, file sharing) - Integration with third-party apps 	<ul style="list-style-type: none"> - Interface can be overwhelming for new users - Occasional glitches in audio/video calls - Learning curve for advanced features 	Good
13	meet.google.com	Video Conferencing	<ul style="list-style-type: none"> - Easy access and setup, especially for users with Google accounts - Integration with Google Calendar - Reliable video and audio quality 	<ul style="list-style-type: none"> - Limited features in the free version - Occasional connectivity issues in low-bandwidth situations 	Good
14	zoom.us	Video Conferencing	<ul style="list-style-type: none"> - Easy-to-use interface for hosting and joining meetings - Stable video and audio quality - Versatile features (screen sharing, breakout rooms, recording) 	<ul style="list-style-type: none"> - Security and privacy concerns in the past - Dependence on stable internet for high-quality calls - Occasional updates impacting user experience 	Good
15	www.codechef.com	Coding Platform	<ul style="list-style-type: none"> - Wide range of coding challenges across difficulty levels - Community discussions and forums - Practice problems with editorial solutions 	<ul style="list-style-type: none"> - UI/UX could be more intuitive for beginners - Some challenges might lack clear explanations or hints 	Good
16	codeforces.com	Competitive Coding	<ul style="list-style-type: none"> - Regularly updated contests and problems - Strong competitive coding community - Range of difficulty levels in problems 	<ul style="list-style-type: none"> - Interface could be more user-friendly - Some problems lack detailed editorial solutions 	Good
17	www.pinterest.com	Social Media	<ul style="list-style-type: none"> - Visually appealing interface - Easy content discovery through pins 	<ul style="list-style-type: none"> - Some user-reported issues with recommendation algorithms 	Good

			<ul style="list-style-type: none"> - Variety of interests and categories 	<ul style="list-style-type: none"> - Limited interaction beyond pinning 	
18	www.theonion.com	Satirical News	<ul style="list-style-type: none"> - Sharp and witty satirical articles that parody news events - Creative and humorous storytelling 	<ul style="list-style-type: none"> - Satire might be misunderstood as actual news by some readers - Some content might be divisive 	Good
19	www.coursera.org	Online Learning	<ul style="list-style-type: none"> - Diverse selection of courses from renowned institutions worldwide - Flexibility in learning with video lectures, quizzes, and assignments 	<ul style="list-style-type: none"> - Some courses might lack in-depth content or practical application - Cost for certificates 	Good
20	www.ted.com	Inspirational Talks	<ul style="list-style-type: none"> - Inspiring and thought-provoking talks by experts and leaders across diverse subjects - Broad range of topics covered 	<ul style="list-style-type: none"> - Talks' length might not suit everyone's preferences - Not all talks might resonate with every viewer 	Good
21	www.quora.com	Q&A Community	<ul style="list-style-type: none"> - Diverse range of questions and answers across multiple topics - Community-driven content and interactions 	<ul style="list-style-type: none"> - Quality of answers can vary significantly - Potential for misinformation or biased responses 	Good
22	www.linkedin.com	Professional Network	<ul style="list-style-type: none"> - Professional networking and connections for career opportunities - Industry-specific content and updates 	<ul style="list-style-type: none"> - Overemphasis on self-promotion in some cases - User experience can be cluttered or overwhelming 	Good
23	www.29a.ch	Creative Projects	<ul style="list-style-type: none"> - Innovative and experimental projects - Creative coding experiments - Unique content 	<ul style="list-style-type: none"> - Navigation might not be intuitive for all users - Limited regular updates 	Good
24	linkedin.com	Professional Networking	<ul style="list-style-type: none"> - Clear and professional user interface - Easy navigation for connecting and messaging. - Robust job search and recruitment features 	<ul style="list-style-type: none"> - Occasional slow loading times - Some features may feel overwhelming for new users 	Good

25	github.com	Version Control and Collaboration	<ul style="list-style-type: none"> -Intuitive and user-friendly interface. - Robust version control capabilities - Extensive community and collaboration features 	<ul style="list-style-type: none"> -Learning curve for new users, especially those new to Git - Advanced features might be overwhelming for beginners 	Good
